House Bill 4037 - Payment of Unearned Premiums on Credit Life and Accident and Sickness Insurance

This bill requires an insurer to pay an insured any unearned premiums on his/her credit life or accident and sickness policy upon full payment of a loan for which this type of insurance was purchased. Upon insured's request of cancellation, payment of the unearned premiums must be made within forty-five (45) days of cancellation notice. Failure to comply makes the insurer liable for civil damages up to three (3) times the amount of the unused premium.

This legislation becomes **effective June 5, 1990.**

House Bill 4126 - Notification of Group Health Conversion Privilege

This bill mandates that the insurer must notify each employee or member and their respective spouses, children or dependents of the conversion privilege prior to termination of their group health policy. This notification must be done, in writing, at least forty-five (45) days prior to termination.

This legislation becomes **effective June 8, 1990.**

House Bill 4130 - Continuing Education Program for Agents

This bill establishes a continuing education program for agents which becomes **effective July 1, 1992.** The guidelines for this program will be structured by the Insurance Commissioner's Office and the Board of Insurance Agent Education. This program will not require agents to complete more than thirty (30) educational hours biennially. Exempted from this program are: 1) individuals selling credit life or credit accident and sickness insurance and 2) persons holding resident licenses for any kind of insurance connected with loans or credit transactions for which an examination is not required.

This legislation became **effective March 10, 1990.**

House Bill 4151 - Coverage for Obstetric Treatment of Medicaid Patients

This bill directs the State Board of Risk and Insurance Management to establish primary and excess professional malpractice insurance coverages for all medical practitioners who provide obstetric treatment to medicaid patients. To qualify, practitioners must elect participation in these plans prior to any alleged negligent act. Primary coverage is not less than one million ($1,000,000) dollars per occurrence; excess coverage is not less than three million ($3,000,000) dollars per occurrence.

This legislation became **effective March 10, 1990.**

House Bill 4195 - Rehabilitation and Liquidation, Administrative Supervision and Criminal Sanctions

This bill specifies the Commissioner's authority when: 1) placing insolvent companies into liquidation; 2) assuming administrative supervision over financially impaired companies; and 3) imposing criminal sanctions against officers of impaired companies who failed to notify this Agency of their financial impairment.

Concerning the rehabilitation and liquidation process, nine grounds upon which a company may be placed into rehabilitation and liquidation are given. The Commissioner can be granted ex parte orders and injunctions when the court finds justifiable cause. The method for distribution of claims from a company's estate is established. Claims are categorized into eight different classes and each class is prioritized in the order of payment.

This bill states the discretionary grounds for placing a company into administrative supervision and those acts in which a company is prohibited from engaging during supervision. During this period, the Commissioner may appoint a special deputy supervisor to oversee the company's transactions. The company is responsible for payment of the supervisor's expenses.

The chief executive officer of a financially impaired company is mandated to notify the Commissioner, in writing, of its impaired condition. Failure to comply may result in a conviction of a misdemeanor with a penalty of not more than fifty thousand ($50,000) dollars fine or imprisonment in the county jail for not more than one year. Any individual engaging in such acts as concealing, mutilating, altering, or falsifying documents of a financially impaired company may be found guilty of a felony. Penalty is imprisonment in the penitentiary of not more than five years.

This course must be approved by the Division of Motor Vehicles. The insured is entitled to only one such discount. Consequently, if the insured is currently receiving a discretionary discount greater or equal to the premium reduction required by this bill, he/she is not eligible for any further premium reduction.

This legislation becomes **effective June 8, 1990.**

Moreover, these companies must have and maintain an additional minimum of one million ($1,000,000) dollars in surplus funds. Those companies licensed prior to the effective date of this bill nave until January 1, 1993, to meet these increased requirements.

This bill further imposes a minimum tax on all companies licensed in West Virginia. This tax is due annually on or before the first day of March.

This legislation became **effective March 10, 1990.**

This bill eliminates nonresident broker's licenses effective June 1, 1991. Thereafter, these persons are licensed as nonresident property and casualty agents. Any policies written on West Virginia risks by these agents must be reported, placed, countersigned and consummated through a resident agent.

On July 1, 1990, new fees are imposed for the following: letter of certification - five ($5.00) dollars, letter of clearance - ten ($10.00) dollars and duplicate license - five ($5.00) dollars.

The retaliatory fee for all nonresident agent licenses is removed. The fee for nonresident agents is twenty-five ($25.00) dollars and no bond or other form of financial responsibility is required.

Effective June 1, 1991, no solicitor's license is issued which is not a nonrenewal of an existing license.

When there is a change in an agent's mailing address, he/she is required to notify the Commissioner within thirty (30) days of such address change.

This legislation becomes **effective June 8, 1990.**

House Bill 4515 - Group Life Dependent Coverage

This bill authorizes the service of process upon nonresident motorists involved in accidents in West Virginia and who are named defendants in a suit. When the Secretary of State's Office cannot effect such service, the nonresident motorist's company is appointed agent or attorney-in-fact for purposes of service of process. Within thirty (30) days of receipt of process, the insurer may file a pleading or take any action in behalf of the nonresident defendant.

This legislation becomes **effective June 6, 1990.**

Senate Bill 162 - Property Declination

Under this bill the declination and termination of property insurance policies are regulated. Insurers are required to disclose, in writing, their reasons for declination and termination. Unless the reason for termination falls under a permissible cancellation, no insurer can fail to nonrenew a policy which has existed for four (4) years or longer. Ten instances in which a cancellation is permissible are noted. This bill further defines seven discriminatory cancellation and termination practices which are prohibitive. The Commissioner is given specific sanctions to invoke against an insurer who violates this article. These sanctions include issuance of a cease and desist order to restrain engaging in such practices and an assessment of a penalty of up to five thousand ($5,000) dollars for each willful violation.

For more specific information, see the Department's Informational Letter No. 67 (April, 1990).

The report is a summary of fire protection surveys either conducted and/or published in 1990. Twelve surveys were conducted during the year. Seventeen surveys completed in 1989 were also published in 1990.

Of the twenty-nine classifications published during the year, twenty-eight represent improvements in class and one remains the same. Fifteen classifications represent fire districts not previously classified.

Two West Virginia communities (Grafton and Huntington) continue to be published out-of-class awaiting the completion of improvement programs to regain their former class. We propose to review these communities in the near future.

It should be noted that surveys were conducted and the classifications were published for fire insurance rating purposes only. They were not for property loss prevention or life safety purposes and no life safety or property loss prevention recommendations are made.

CONSUMER SERVICE DIVISION

ORGANIZATION/PURPOSE

The Consumer Service Division is comprised of: six (6) Complaints Examiners, who serve as liason personnel between the insurance industry and insured citizens; four (4) clerical staff; and one Director.

The Consumer Service Division is responsible for the review of facts surrounding complaints received against insurance companies and or agents. It is the Division's aim to objectively evaluate the facts of each complaint received in accordance with West Virginia Insurance Law and to mediate a fair resolution to each such complaint.

It is the further purpose of the Division to help inform both the public and the insurance industry as to their rights and responsibilities pursuant to West Virginia Insurance Law. As part of this endeavor it is the responsibility of the Division Staff to identify problem areas in the insurance industry and to help formulate policies and practices to alleviate such problems.

GENERAL ACTIVITIES

CONSUMER COMPLAINTS SECTION

The Consumer Service Division receives consumer complaints by mail, telephone, and by walk-in visits from the public. A complaint file is set up for each written or walk-in complaint and remains open until such complaint is resolved. A total of 4609 written inquiries were made to the Division in 1990 in addition to 721 walk-in clients. These figures reflect an increase of 935 written inquiries and 151 additional walk-ins over the 1989 totals. The Division also received 39,484 telephone calls of which 20,839 were received on the "toll-free" line that is provided for the convenience of the citizens of West Virginia. The telephone inquiries increase by 4,243 in 1990.

Through the efforts of the Consumer Service Division, approximately 3.9 million dollars was returned or paid to WV Consumers during 1990. These monies represent refund of premiums, and payment of claims unsettled due to a dispute, delay, or misunderstanding between the consumer and the insurance company.

SEMINARS

In addition to handling complaints and answering general inquiries this division also provides seminars upon request. These seminars are generally centered around medicare supplement policies or long term care and are usually held at senior centers throughout the State.

The division once again attended the Eighth Annual Congressional Senior Convention sponsored by Congressman Robert Wise at the University of Charleston. We also participated in the "Health Fair" put on by the WCAW Radio Station which was a two day event held at the Charleston Town Center.

Our division is currently working on a program by which we will go into the high schools throughout the state and provide a seminar on automobile insurance. A new booklet entitled "Consumers Guide to Automobile and Homeowner's Insurance" is being written and we hope to pilot the program in the fall of 1991.

AGENTS LICENSING AND EDUCATION DIVISION

The division of Agents Licensing & Education was created effective July 1, 1990. Previously the operation of agents licensing had been included in the Financial Conditions Division.

Agents Licensing & Education encompasses the agents' pre-licensing education program, the insurance licensing exam system and the agents and adjuster licensing processes in West Virginia.

In 1990 legislation was enacted which changed the requirements for non-residents licensed in the property-casualty area. The non-resident broker license was eliminated and non-residents pursuing any license must now be appointed as agents to each company they intend to represent in West Virginia.

Other legislation established that fees could be collected for all letters of certification, letters of clearance and duplicate license cards issued by this office.

In October 1990, we became affiliated with a new agents licensing exam vendor. Educational Testing Service (ETS) of Princeton, NJ sold its Multistate Insurance Licensing Program to Assessment Systems Inc. (ASI) of Philadelphia, PA. The exam program continued in the same manner as it had under the auspices of ETS as ASI purchased the exams, computer software and hardware which were in use at the time of the acquisition. Exam candidates noticed relatively little change in the testing method.

FINANCIAL CONDITIONS DIVISION

The primary responsibility of the Financial Conditions Division is to monitor the financial stability and solvency of insurance companies admitted to do business in West Virginia. This includes traditional Life and Health and Property and Casualty Companies as well as Health Care Corporations such as Blue Cross/Blue Shield Plans and Health Maintenance Organizations.

Prior to being admitted, these companies must file an application with the Commissioner. The applications of these companies, either foreign or domestic, are reviewed by the Financial Conditions Division to ensure that the appropriate statutes have been satisfied in regard to the companies' general organization and financial strength. Recommendations are then made to the Commissioner as to the admissibility of these applying companies.

Those companies admitted by the Commissioner are then monitored by the Division to ensure that they maintain the financial stability and solvency necessary for the protection of West Virginia policyholders. Our primary emphasis in this area is with our domestic companies. Our monitoring of the domestic industry is effectuated through audits performed by in-house staff as well as field examinations. These field examinations are conducted by a staff of three Certified Financial Examiners. Once our responsibilities in regard to our domestic companies are satisfied, our field examiners participate in examinations
conducted by other states upon their domestic companies that operate in this State.

Another responsibility of this Division is to ensure that companies operating in this State report and pay the appropriate taxes levied by West Virginia statutes. This process involves the reconciliation of companies' quarterly reports and payments to their year-end tax returns and remittances. This responsibility includes the record keeping and deposit of all taxes and fees that flow into the Insurance Department.

This Division is also responsible for the tracking and collection of taxes generated by the Excess Lines market. Excess Lines refers to business placed with companies that are not admitted in West Virginia. This occurs when certain lines of insurance are not available with companies admitted in West Virginia. Coverage is written with these nonadmitted companies by licensed insurance agents that have obtained an Excess Lines Broker's license from the Agent Licensing Unit. The Excess Lines Brokers must provide reports to the Financial Conditions Division on individual policies written and remit the appropriate tax payment as detailed by the West Virginia Code.

The information that follows consists of a breakdown of the West Virginia Insurance market, the financial status of admitted companies and the revenues processed by this Division.

EXCESS LINES REPORT - 1990

(A) Section 33-12-10 of the West Virginia Code permits a licensed excess line broker to procure insurance from a unlicensed company when it cannot, after diligent effort, be procured from any licensed company.

Following is a comparison of 1989 and 1990 excess line statistics:

	Calendar 1989	Calendar 1990	Percent Change
Total Number of Brokers	85	82	- 3%
Number of Active Brokers	49	43	- 12%
Written Premiums - Net	$22,291,304.66	$21,279,630.99	- 4%
Total Tax Liability	$ 891,652.19	$ 851,185.24	- 2%
Number of Policy Affidavits	6,345	6,216	- 2%

In 1990, this Department confirmed that $21,279,630.99 of written premiums were placed through the excess line markets in West Virginia by 43 of the 82 licensed excess lines brokers. The total excess line tax liability for 1990 was $851,185.24. We received 6,216 excess line policy affidavits in 1990 as compared to 6,345 received in 1989.
